About me:

My name is **Juan Pedro Domínguez Berdún** and I love **putting in practice** all the knowledge that I have acquired. Indeed, I want to **still learn** and **getting experienced** in the real working environment. I am **very interested** at using of new methods to solve problems and **adding value to the project** where I participate. In addition, I have a profile at github where you can find some projects I have done: <https://github.com/theunixroot>

Experience:

- **6-month** internship at **Sequel Business Solutions**, working with **DevOps** team helping them **to automate** and improve deploying process of their products. Using **.NET** based technologies, like **Powershell** scripting, **C#** programming and **TFS** platform.

Knowledge and skills:

Extended knowledge and practice in programming languages like **Java**, **Assembly (ARM)**, **C** and **C++**. Also in **concurrency** and *low-level* programming. Professional experienced with **Microsoft TFS**, developing Releases for application deployments and used to work in **Scrum** methodology. Wide experienced in **scripting** technologies such **bash** and **Powershell** languages.

Good at others programming languages like **ADA**, **SCALA**, **Haskell**, **C++**, **C#** and programming with **Octave/MATLAB** and **Python**. Very involved in **JavaEE7** technologies, including **JPA**, **JSF**, **EJB**.

Experienced with text recognition with **flex and cup** on Java. And deep knowledge on areas like **cryptographic mechanisms** and security protocols and services.

Advanced abilities related with **Oracle** and **SQLServer** databases and **PL/SQL** programming language. Also, others relational databases including **MySQL**.

About my studies:

Graduated in ESO at IES San Bartolomé on 2012.

Bachelor's degree at IES San Bartolomé on 2014.

Currently studying **Computer Science Degree** at the **Universidad de Málaga**, specialty on **Computation**. With an 8.23 about 10, or 2.6 about 4.

Languages:

English **B1** certificate by **University of Cambridge (PET Exam)**.

English level **B1.1** by **Trinity College** of London *with Distinction*.

FGUMA certificate at **B2** on the four aspects (**Listening, Speaking, Writing, Reading**).
